

Cherry Creek HOA Professionals, LLC

Cherry Creek Pointe Townhouse Association Emergency Contact Information

In the event of a property emergency (e.g. fire, ruptured water pipe, sewer backup, broken water heater, etc.) damages can be minimized if the HOA can contact you quickly. The HOA is empowered to break in to any unit in an emergency situation. However, breaking in often causes significant property damage and inconvenience to the occupant. Telephone numbers are confidential information and will not be given out to anyone for any purpose. Even Association members are not entitled to obtain the phone numbers of other members.
